

BROOKS IS NAMED RIVER RECEIVER

Judge Pollock Makes Appointment of Oklahoma City Man.

ACTS ON INJUNCTION

Judge Pollock Gives Authority to Control Lands Not Under Federal Receiver.

OKLAHOMA CITY, May 12.—William A. Brooks of this city was named today by Judge John C. Pollock of the Kansas district federal court as receiver for the Red river property claimed by the government for 48 Indian wards and for which an injunction was granted yesterday restraining other parties from continuing operations on the property in development of oil and gas.

Brooks will make a bond before the court and leave for the property soon to make a detailed report, he told the court.

The property claimed by the government is in the north half of the Red river basin extending approximately 20 miles in length and abutting the lands claimed by the wards in Cotton and Tillman counties.

No further action in the case is now anticipated until John A. Fain, special United States district attorney general, returns from Washington where he is now conferring with officials on other suits which have been entered and heard on the case.

READY FOR SUFFRAGE FIGHT

Prolonged Battle Is Looked for Before Louisiana Legislature.

BATON ROUGE, La., May 12.—The two opposing suffrage factions, one urging ratification of the federal amendment and the other favoring disfranchisement of women through state action were preparing tonight for what they expect to be a prolonged fight in the legislature over their respective measures, which were before both branches of the assembly today.

Governor Pleasant's message, read to the legislature late today, contained no reference to suffrage.

In the house today the two resolutions came up for second reading and were referred to committees to be appointed after inauguration Monday of Mr. Barker.

The resolutions of both factions were introduced in the senate today a few minutes apart.

WILSON TO CALL LEAGUE

President Expected to Issue Summons for Gathering.

WASHINGTON, May 12.—The first meeting of the assembly of the league of nations probably will be called by President Wilson this year. Preparations for the league council, which will be held in the White House during its Rome meeting this month and as it has been estimated that at least four months should elapse between the issue of the call and the actual gathering of the assembly, that body probably will be convened this fall.
